▼ **Details**

<b>Job Title</b>	Industrial Engineering Graduate
<b>Company</b>	I&J
<b>Site</b>	I&J Woodstock
<b>Location - Country</b>	South Africa
<b>Location - Province</b>	Western Cape
<b>Location - Town / City</b>	Cape Town
<b>Job Type</b>	Graduate

**Company Profile**

AVI Limited is known for its leading household brands across many categories including: hot beverages, sweet and savoury biscuits and snacks, frozen convenience foods, personal care products, cosmetics, shoes, accessories, and fashion apparel.

A love for the sea and passion for fishing are the driving forces behind I&J, a globally respected supplier of high quality, chilled and frozen Cape Hake. Almost 110 years old, I&J operates a modern and efficient trawler fleet that is committed to responsible and sustainable fishing.

We are looking for real people who want to do exceptional things and take our projects to the next level.

**Why our Graduates choose AVI**

Exposure and practical learning in a working environment  
 Encouraged to be involved and think of alternative solutions to real issues  
 Constant mentorship, guidance and support  
 Offered meaningful work and opportunities  
 Accountable for delivering quality

**What makes you exceptional?**

You are solution driven  
 Comfortable working in a team  
 Passionate about analysing data  
 Eager to make the most of unique opportunities  
 Want to contribute, make a difference and be an achiever

**What will you enjoy doing**

You will be involved in various projects to gain in-depth knowledge of process optimization and effectiveness. Working closely with the Engineering Specialists, you will be participating in projects to identify efficiency issues and suggesting functional solutions. In addition, you will be involved in quality control, upgrades, delivery of product innovation and efficiency and people management.

**What we want from you**

A Btech in Industrial Engineering with a minimum average of 70% in your final year of studies.  
 A BEng or BSc in Industrial Engineering with a minimum average of 60% in your final year of studies.
