

2020 Graduate Talent Program-Corporate Client Solutions - Johannesburg

South Africa
Business management, administration and support
Investment Bank

Job Reference

198318BR

City

Johannesburg

Type

Graduate GTP/Full-Time Analyst

Application Deadline

04-Nov-2019

Your role

Do you want to know more about the participants and dynamics of the capital markets? You'll:

- get to know the markets from the capital raising stage to disposal
- be involved in and contribute to providing M&A advice and execution, including spinoffs, takeovers, exchange offers, takeover defence and formation of joint ventures
- interact with the equities platform to get an insight into the investor community views and trends
- learn all about debt capital markets including corporate and emerging market bonds
- gain familiarity with structured products tailored to our clients' funding and stake management needs
- be able to analyse complex situations and develop the best strategy to maximize our clients' diverse objectives

Your team

You'll be working in our Investment Bank's Corporate Client Solutions (CCS) business. You'll work closely with the CCS country and sector coverage teams, as well as the other product teams, providing coverage, advisory, capital markets and financing solutions for corporate, financial institutions and sponsor clients.

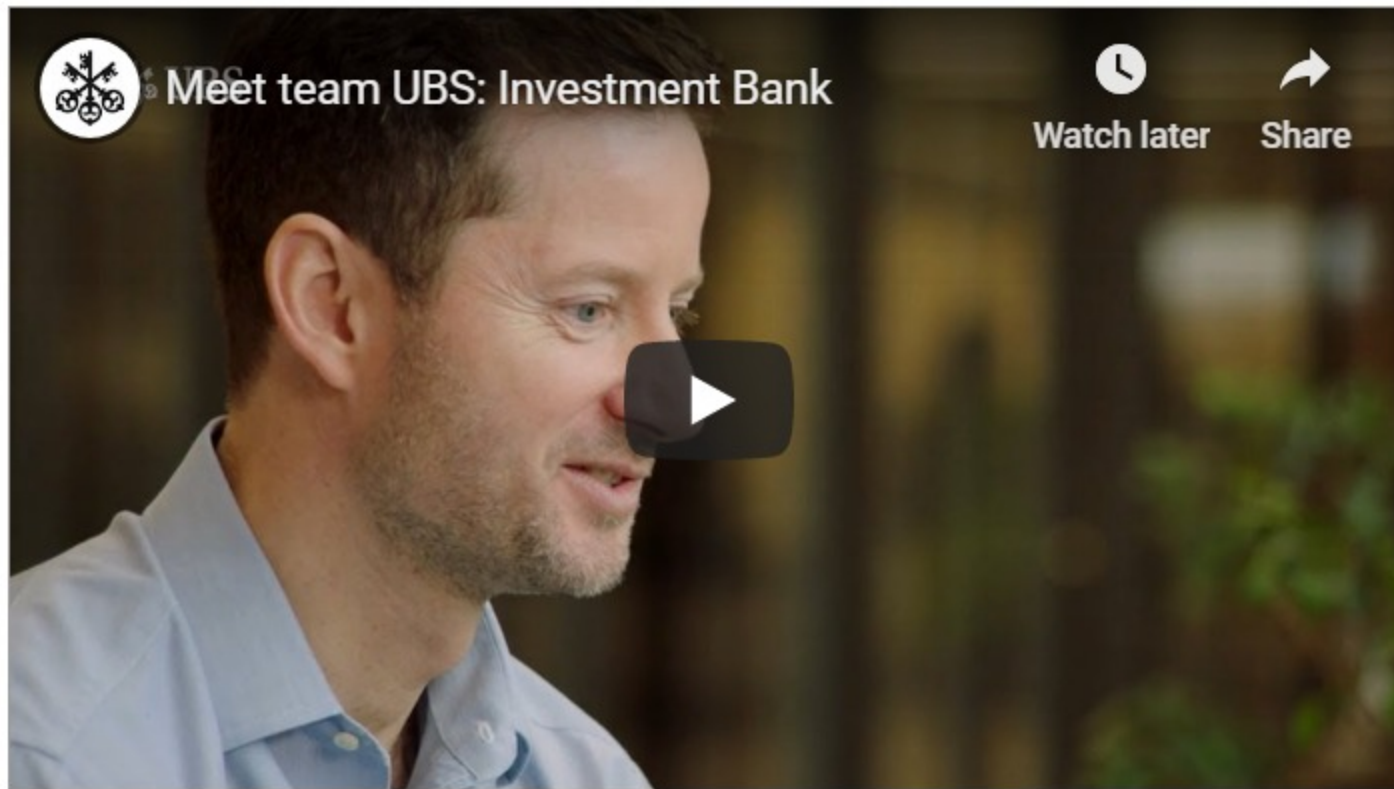

Your expertise

You need to be in the last year of your degree and have, or be on track for, a 2:1 or the equivalent in your first undergraduate degree. It doesn't matter what you're studying. (Really, it doesn't.) But we'd like to see evidence that you can: - analyze a problem, take a view and come to a decision - plan, organize and communicate well - make things happen - stick with a task - work in a team - come up with ideas// Perhaps you've organized a fundraising event or taken part in team sports? Or persevered and passed an exam in a subject you found challenging? Think about how things you've achieved match the skills we're after.

Your Program

We know that development opportunities are important to you and we want to make sure you you'll be successful. That's why our graduate training program is designed to ensure that you'll have an in-depth introduction to our firm and the business you will be part of. You'll start your UBS experience by participating in UBS Discovery, a training program that will bring you up to speed on our industry, strategy, capabilities and culture.

Your colleagues

About us

Expert advice. Wealth management. Investment banking. Asset management. Retail banking in Switzerland. And all the support functions. That's what we do. And we do it for private and institutional clients as well as corporations around the world.

We are about 60,000 employees in all major financial centers, in more than 50 countries. Do you want to be one of us?

Join us

We're a truly global, collaborative and friendly group of people. Having a diverse, inclusive and respectful workplace is important to us. And we support your career development, internal mobility and work-life balance. If this sounds interesting, apply now.

Disclaimer / Policy Statements

UBS is an Equal Opportunity Employer. We respect and seek to empower each individual and support the diverse cultures, perspectives, skills and experiences within our workforce.
