### Overview

#### Company Description:

Come and join us as part of Anglo American Platinum. Amandelbult Complex is hereby inviting applications for internship and P1/P2 programme aimed at equipping members of the host communities with appropriate work experience. First preference will be given to relevant applications from host communities. **The programme will run for a period of 12 months.**

Anglo American is a global diversified mining business. Our portfolio of world-class mining operations provides the metals and minerals that make modern life possible. We use innovative practices and the latest technologies to discover new resources and mine, process, move and market our products to our customers around the world.

#### Anglo Platinum

Our Platinum business mines, processes and refines the entire range of platinum group metals (PGMs): platinum, palladium, rhodium, ruthenium, iridium and osmium. We are the world's leading primary producer of PGMs, which have a range of specialised applications that improve lives across the world – from vehicle fuel cells to jewellery; dentistry to glassmaking; pacemakers to petroleum refining.

#### Here's an exciting opportunity to join us.

The internship Programme provides practical Work Learning and experience to individuals. The programme will run for a period of 12 months.
