Graduate Roles and Placement Opportunities

We have opportunities for bright, dynamic team players to start careers within an established and structured programme.

The Opportunity

Pinewood DMS SA is a growing business, developing a range of industry-leading web applications for automotive retailers. We value the contribution our Graduate team members make to help us continue to achieve excellence. Those on placement with us are given real responsibilities from day one – you're not here to complete routine processes, you're here to learn and add real value.

We pride ourselves at Pinewood DMS SA on providing the most comprehensive programme, tailored against your career ambitions. Both you and the business will grow together.
