Full time

Weir has been in business since 1871 and our sustainability and success has been built on attracting, retaining, and developing exceptional people.

As a global company, we reflect the diversity of our customers in the diversity of our people and ensure everyone is given the opportunity to flourish regardless of their gender, race, beliefs or background.

We offer a wide range of career opportunities across a variety of technical and business roles in engineering, manufacturing and service locations worldwide.

Enabling our people to unleash their full potential is central to 'We are Weir', our vision, mission, and strategic priorities. We aim to be the most admired engineering business in our markets and we'll achieve that ambition by being the employer of choice in our markets.

Weir is an inclusive and innovative organisation where you can be your authentic self. We continually develop our talent and diversity of thought to keep our business relevant, innovative and successful for the future.

Business Need/Purpose of Role:

Weir Minerals is contributing towards skills development, by providing opportunities to graduates to enter a two-year graduate program in the field of Mechanical Engineering.

Job Requirements:

Minimum Qualifications:

- Mechanical or Chemical Engineering degree

Key Tasks:

- To provide detailed and accurate costing on rubber, spools and hose products and compile the quotes and tenders which are to be issued to branches and/or customers.
- Develop and maintain cost models
- Perform site evaluations, cost and quote on proposed solutions if and when required.
- Assist with technical evaluations
- Accurate estimation of costs on rubber lining
- An accurate, reliable and up-to-date costing database
- Timely submission of Request for Quotations (RFQ), as required, to a minimum of three approved suppliers per quote.

Minimum Skills/Abilities:

- Computer Literate – MS Office Suite
- Good oral and written business communication at all levels
- Ability to identify and resolve problems in a timely manner
- Ability to plan and prioritise work activities
- Demonstrates accuracy and thoroughness
- Self-starter
- Ability to work effectively in a team
- Ability to work well under pressure
- Attention to detail

We take pride in providing a quality workplace and promoting equal opportunities for all. Interested candidates who meet the above minimum requirements are invited to apply

If you have not heard from the Company 10 working days after the closing date, please accept that your application was unsuccessful

We are Weir. And the growing world depends on us. It depends on us constantly reinventing. Quickly adapting. Continually finding better, faster, more sustainable ways to access the resources it needs to thrive. And it depends on each and every one of us doing the best work of our lives. It's a big challenge – but it's exciting. And it's one we can't wait to be part of.

Thank you for your interest in joining us.
