Together, we move the world — we've been doing it for over 100 years. At MAHLE, as a leading international development partner and supplier to the automotive industry, we pursue the objective of making mobility more efficient, more environmentally friendly, more convenient, and more economical. As part of our dual strategy, we are working both on the intelligent combustion engine for the use of hydrogen and other nonfossil fuels and on technologies for fuel cells and e-mobility.

With more than 72,000 employees, MAHLE generated sales of approximately EUR 9.8 billion in 2019 and is represented in over 30 countries with 160 locations, including 12 major research and development centers. Join our MAHLE team! #StrongerTogether
